Information sheet for the course
Diploma Project

University: *Alexander Dubček University of Trenčín*	
Faculty: *Faculty of special technology*	
Course unit code: *ŠST/I/1-10/d*	**Course unit title:** *Diploma Project*
Type of course unit: *compulsory*	
Planned types, learning activities and teaching methods: *3 hours of laboratory exercises per week*	
Number of credits: 5	
Recommended semester: 3rd semester in the 2nd year (full-time) 5th semester in the 3rd year (part-time)	
Degree of study: *II. (engineer)*	
Course prerequisites: *none*	
Assessment methods: *Developing Consultation letter participation in entry employment consultation. Development of the diploma project, efficacy work, presentation and defend it. Presentation of work for the last semester consultation.*	
Learning outcomes of the course unit: *Demonstrate the ability to independently and creatively solve tasks in accordance with current methods and procedures for the use in the area, and the application to demonstrate readiness for processing of the thesis.*	
Course contents: *Application engineering, computational methods, the use of computer technology processing core own solution of the thesis. Using the latest information sources in order to achieve progressivity and originality solutions. Intent and objectives of the resolution of the thesis. Study in the organization that ordered the solution of the diploma project to link theory and practice.*	
Recommended of required reading: *KATUŠČÁK, D.: Ako písať záverečné a kvalifikačné práce. Nitra: ENIGMA Nitra, 2005 STN-ISO 690: 1998 Dokumentácia - Bibliografické odkazy - obsah, forma a štruktúra GONDA, V.: Ako napísať a úspešne obhájiť diplomovú prácu. Bratislava: ELITA Bratislava 1999 Odborná literatúra podľa zadania a pokynov vedúceho semestrálnej práce.*	
Language: *Slovak*	
Remarks: *Compulsory course*	

Evaluation history:
Total number of students being evaluated:

A	B	C	D	E	FX
0	0	0	0	0	0

Lecturers: prof. Ing. Jiří Balla, CSc.	
Last modification: *15.4.2014*	
Supervisor: *prof. Ing. Jiří Balla, CSc., guarantee of the study program "Special Mechanical Engineering Technology".*
